New 2+1 Apartment with Terrace for Sale in Alsancak, Kyrenia

S-ALS-45

Описание:

Brand-new 2+1 apartment with a large terrace for sale right in the center of Alsancak, Kyrenia. The building is completely finished with keys in hand—you can move in and start furnishing as early as tomorrow.
The apartment is on the 3rd floor of a modern, boutique complex of only 36 units, built by Kaynarca Construction—one of the most reliable developers in North Cyprus. The total area is 85 sq. m (75 sq. m net living area). Nobody has ever lived here, and it comes unfurnished, meaning you won't have to redo someone else's renovation or adjust to another person's taste—you can design everything from scratch to suit yourself.
A standout feature is the large private terrace. You can easily set up a cozy lounge area with sunbeds or put a dining table for al fresco dinners.
The complex itself is very quiet and well-maintained, featuring landscaped gardens and resident parking. The building is constructed to a high standard, complete with quality double glazing, aluminium joinery, and an individual water tank.
