s-ed-14

Описание:

The project, consisting of only 23 villas, is located in the prestigious Edremid area, in a unique place where the olive trees that have been rooted in Northern Cyprus for centuries are carefully protected. The architects did their best to integrate the design of the villas into the natural surroundings. The project of 23 villas does not include pools, but the owners of 13 of all villas can order the construction of a pool if they wish. The villas are comfortably located in the western part of Kyrenia, offering beautiful views to their residents.
