Описание:

Luxurious townhouses are offered for sale in an ideal place for living or relaxing, literally five minutes drive from the center of Kyrenia. The rather expensive Zeytinlik district offers silence and stunning sunsets, surrounded by olive groves and expensive real estate. will be in the center of the entire infrastructure - shops, offices, supermarkets, school, ... everything is very close.

The complex, where the townhouses are located, was thought out to the smallest detail, and the communal pool was made according to the famous European projects, where some of the sunbeds are in the water. Beauty, excellent construction quality, expensive finishes - everything is thought out and done at the highest level. Townhouses in Kyrenia, without a doubt, will become one of the most popular types of housing, offering their owners the luxury of their own villas and the communal area of a well-kept complex.

Three bedroom townhouses offer a separate entrance and a private covered large garage. On the other hand, the owners have the opportunity to use their own garden, however, the plots of all townhouses are different. On the second floor there is a separate kitchen and living room, a large bathroom with shower, on the third there are two bedrooms, each with its own shower and exit to the balcony, and on the third there is a roof terrace.
