## Описание:

The villas, located on the slope of the mountain, have unsurpassed panoramas of the sea and mountains, the proximity of the sea and beaches, all the infrastructure necessary for permanent living or recreation.

All villas are located in such a way that residents can use natural light, and large panoramic windows make it possible to enjoy views of the coastline and evergreen mountains. The city of Esentepe is just a few minutes drive - there is all the infrastructure of a developing city - from kindergartens and schools to shops, a police station and a clinic.

The magnificent exterior design of the villa is a successful blend of modern style and natural Cypriot stone. The garden, covered parking for two cars, swimming pool with overflow, covered terraces give a feeling of unity with nature, calmness and stability.

Golf or tennis lovers will be able to use the services of an international golf club, located a short drive away, and those who are attracted by the beaches and the cleanest sea, the numerous beaches of Esentepe.
