Описание:

Spacious apartment, located on the second floor, occupies a large area. The owners purchased two separate apartments, the entire second floor of the house, and by connecting them, they made a three-bedroom apartment - a penthouse. A small, calm complex is located in a quiet place in the Karaoglanoglu district, next to the University: the sea and the entire infrastructure of the city. Due to the fact that the construction of the complex was not fully completed, there are no real estate titles. Ownership is based on contact registration. The apartment is for sale at a super low price, and those who wish can turn it into two two-room apartments.

The apartment has large terraces overlooking the north-sea and south, a beautiful mountain range. And the terrace on the top floor will offer you even better stunning views.

All apartments are approximately 120 sq. m. + large terraces of 100 sq. m.
